FOREWORD

We gaze awed, on a whirling, modern world . . .
on a nation that has reached out
with eager groping hands to conquer
the mysteries of the earth
and now reaches out
with new intensity,
constantly seeking,
anxiously probing,
exploring the dark chasms of the unknown
to grasp and conquer the infinite universe
in the immortal clutch of knowledge.

We watch, cautiously, the determined stride of our nation
and catch our breaths
for tomorrow we know
that our's will be this conquest
we hasten our pace,
striving harder,
moving forward,
molding youth into man,
man into citizen,
preparing for tomorrow.

We set our goals higher and higher,
building new strength in mind and body,
gaining confidence and the power of knowledge
to sustain our flight through life
persistently we move onward,
pushing farther and farther,
until suddenly we realize
that we are caught up
in our nation's intricate pattern of progress . . .
A SMALL PART OF THE SPACE AGE

DEDICATION

The Staff of 70 SCENES would like to pay tribute to Mr. Henry A. White as he leaves his post as Superintendent of the Clearwater School System.

A native of this area, Mr. White began teaching at the age of seventeen and has spent thirty-one years in Piedmont in the capacity of teacher, principal and superintendent. Through these years our school has grown and progressed under his leadership and determination.

Mr. White served as president of the Wayne County Teachers Association for five years, and his work with the Beta Clubs and as Beta Club State President has benefited those not only in our school district but throughout the state.

We are proud to dedicate this edition of our high school annual to Superintendent White in appreciation for the years of dedicated service he has given to our schools.
